This Authority is governed by the NBHS Board of Directors (hereinafter designated “Board”) as appointed by the respective county boards of commissioners in accordance with the Code.

B. BOARD ROLE & RELATIONSHIP

The Board:

- a. sets the direction/policies of the organization;
- b. creates and maintains the core values, vision, and mission of the organization;
- c. ensures compliance with all applicable legal and regulatory requirements;
- d. recruits members that are representative of the specific cultures the organization serves, including representation of the populations being served;
- e. advocates for needed resources to carry out the mission of the organization.

Chief Executive Officer (CEO) implements the policies and reports to the Board. CEO and/or his/her designee has the authorization to sign contracts as authorized by the Board.

The Individuals served are the focus of all Board, CEO, and Staff efforts.

More specifically, the Board members:

1. Establish policy via regular attendance and active participation in scheduled Board and Committee meetings;
2. Employ the CEO according to conditions specified in the Code;
3. Direct the CEO to administer the policies;
4. Monitor implementation and outcome of policies;
5. Support the delegated function of day-to-day management responsibilities to the CEO and management staff. The Board recognizes the appropriate chain of command for a staff person to be their immediate supervisor, one over supervisor, HR Department, and the management team/CEO as appropriate. The CEO will bring forward any issues requiring Board action for resolution as necessary.
6. Ensure accountability of Authority's financial management operations through review and approval of the annual budget and periodic financial reports.
7. Conduct an annual Board evaluation and develop action plan items for the upcoming year.

C. GENERAL POLICY STATEMENT

It is the policy of the Board that it will provide the residents of the Counties a complete array of high quality, cost effective mental health services. Furthermore, the direction and operation of this system will follow the policies established by its assessment of community mental health needs as well as the Code and Rules. In addition, it is the policy of the Board that NBHS adheres to sound Continuous Quality Improvement (CQI) principles to ensure the provision of quality services.

D. ADMINISTRATIVE AUTHORITY

It is the policy of the Board that it delegates all necessary authority to the CEO to establish and implement those administrative directives and procedures necessary to conduct the business of the Authority toward compliance with the standards set forth by appropriate funding and accrediting bodies.

II. POLICY MANUAL

The Board's Policy Manual is the vehicle for formally documenting its policies for use by the Board, Agency staff, contract agencies, and affiliated organizations and review by auditing bodies. The Board shall establish general policy guidelines within which the CEO shall execute the business and programs of the Authority. All Board and staff members shall be held accountable for following all policies of the Board until changed or repealed. Contract agencies shall be bound by Board policies to the extent mandated by their contracts.

POLICY STATEMENTS

The Board shall organize its policies in a standard format. New policies and all revisions of significance will be presented to the Board by the CEO for recommendation and action by the full Board. If the need to implement a new and/or revised policy arises and does not allow sufficient time for committee and board review and action, the CEO may issue an Interim Memorandum informing all Board members and NBHS personnel of the policy position. The Interim Memorandum shall be in effect for not more than two months. The interim policy position will be included on the agenda of the next committee and/or Board meeting for official Board action.

III. BOARD MEMBER ROLE AND FUNCTION

A Board Member should not become involved in the day-to-day operation of the Authority including issues/concerns generally handled by a manager or the management team and any diagnostic and treatment decisions of the staff. Board members shall abide by the Board policies on service recipient's confidentiality.

At Board meetings, members shall be as brief as possible, with five minutes as a maximum limit per person, to speak on agenda items. Other Board member shall have the opportunity to speak regarding the topic prior to speaking for a second time.

Complaints/Issues/Concerns communicated to Board Members outside of Board Meetings:

The policy for Board Members responding to complaints, issues and/or concerns affecting the Authority, shall be to submit the complaint, issue or concern to the Board Chairperson and CEO. The CEO will delegate to the appropriate department manager to make contact with the complainant for investigation and resolution in a timely fashion per NBHS policies/procedures. Board members will be notified that the issue has been forwarded on.

A. CONFLICT OF INTEREST

The following designated situations shall constitute a conflict of interest. Other situations may exist, or occur, which create potential conflict of interest. In any of these circumstances, Board Members shall make full disclosure to the board of potential conflicts and abstain from voting on issues pertaining to the potential conflict.

Board Members may not:

1. Apply for any employment positions at the Authority while serving on the Board (if application is to be made, board member shall submit letter of resignation prior to making such application);
